Drive Pig Tail	33303	807

GAUGES • SENDERS • ALTERNATORS

STEWART WARNER GAUGES

2-1/16" DIAMETER CASE

Stewart-Warner marine gauges have heavy duty construction internal parts for accuracy, long life and resistance to vibration, shock and extremes of temperature. Bezels are chrome plated and dials are black and white.

HOBBS HOUR METER

A must for every boat to keep accurate record of engine service hours. Electric gauge - built by Stewart-Warner. 2 1/4" dia.

Catalog No. 23100 Item No. 601

Description	Catalog No.	Item No.
Fuel Level		
E-1/2-F (12V)	82111	987
Vacuum		
0-30" Vacuum	82117	992
Pressure		
0-80 lbs. Oil	82322	994
0-80 lbs. (12V)	82113	989
0-100 lbs. Oil	82323	995
0-10 lbs. Fuel	82319	993
Temperature		
60°-240° Water (12V)	82114	990
100°-270° Oil (12V)	82115	991
Ammeters		
60-0-60 Amperes	82108	986
Voltmeter		
10-16 Volts (12V)	82112	988

Some of the above require senders - see below.

BLOCK TEMPERATURE GAUGE

STAINLESS STEEL

Attaches directly to the engine block. Reads cylinder head or block temperature. 3/8" N.P.T. thread, 2 1/4" dia.

Catalog No. 23200 Item No. 602
